

Five days, fifteen minutes each

TRY THIS WEEK
GEMINI FOR K-8 EDUCATORS

One small thing a day. Check off each one as you go, and jot down what happened. What worked and what didn't both teach you something.

DAY	TRY THIS	WHAT HAPPENED
☐ Monday	Build one more Gem from the library in your workbook. Pick the one that would have saved you time last week.	
☐ Tuesday	Make a notebook for the unit you're teaching right now. Ask it one question and check the citation.	
☐ Wednesday	Turn one lesson into an exit ticket. Run the 30-second check before you use it.	
☐ Thursday	Make an Audio Overview or a study guide from your notebook. Read or listen to all of it before you share it.	
☐ Friday	Show one thing you made to a colleague. Share a Gem if it's ready.	

A prompt that worked

A prompt that didn't, and why

Every time, before you paste

Which account am I in? · Is this tool district-approved? · Would I be fine if a parent saw this prompt?

And before anything reaches students or families: accurate, right for the grade, fair, on target.
